2018 Gala & Awards Recap

On Tuesday, November 27th, over 250 leaders from New York's healthcare community attended our 2018 Gala & Awards at the Edison Ballroom.

Hosted by NYeC's [Board of Directors](#), the Gala & Awards recognizes and honors the achievements of those leading the mission to improve healthcare through technology. We were thrilled to celebrate the invaluable contributions of our 2018 honorees.

This year, **Michael Dowling**, President & CEO of Northwell Health, received the Transformative Leadership Award.

Additionally, NYeC honored:

Linda Lambert, CAE

Executive Director, New York State Chapter of the American College of Physicians

Ido Schoenberg, MD

Chairman & CEO, American Well

and

Roy Schoenberg, MD, MPH

President & CEO, American Well

These individuals are true pioneers and innovators of the healthcare landscape and have all made extraordinary contributions to health information technology to improve care delivery and patient outcomes in New York State and beyond.

NYeC would again like to thank all our attendees and [sponsors](#) for joining us in celebrating our honorees and making the evening a success!

What You Need to Know About Hixny and the SHIN-NY

Hixny is a health information exchange, or HIE for short, which serves more than 1.7 million patients in upstate New York. Hixny is one of eight Qualified Entities that comprise and are connected to the Statewide Health Information Network for New York (SHIN-NY).

HIEs are the fastest and most secure way to share patient health information. HIEs help reduce repeat testing, lower costs, and speed up workflow—all while increasing patient satisfaction and improving quality of care.

When a HIE Helped Diagnose a Resident's Cancer

A recent article highlighted how a skilled nursing facility in Endicott, New York used their health information exchange, HealthlinkNY, to pull together a patient's complete medical record from all different providers to find a report and the diagnosis that had somehow fallen through the cracks.

Collaborating to Provide Better Care: Immunizations

Collaborating to Provide Better Care:
IMMUNIZATIONS

Syracuse area HIE HealtheConnections facilitates Kinney Drugs automated submissions to New York State Immunization Information System (NYSIIS). Beginning in early 2018, HealtheConnections and Kinney Drugs have worked together to bring a new feature to their pharmacists. They are now able to automatically submit immunization records to NYSIIS through HealtheConnections.

How the Right IT Solutions Can Deliver a Better Patient Experience

Healthcare organizations are responding to the consumerization trend by investing in IT solutions designed to improve the patient experience.

When these solutions are deployed the right way, they can help make clinicians' lives easier by improving the patient experience both before and after a care interaction.

NYeC Healthcare Advisory Professional Services

Attention NY Medicaid EHR Incentive Program Participants!

The [Medicaid Eligible Provider Program \(EP2\)](#) is up and running! The 2018 attestation reporting period for the NYS Medicaid EHR Incentive Program is will be approaching soon and the EP2 Program, with its complimentary support services, can help you successfully report on the necessary Promoting Interoperability (formerly known as Meaningful Use) objectives to receive your incentive payment.

Additionally, 2019 will bring many changes for those enrolled in the program. Meaningful Use Stage 3 and 2015 edition Certified Electronic Health Record Technology (CEHRT) will be required. The EP2 team can help you prepare for Stage 3 and the corresponding CEHRT upgrade through various outreach and education events as well as workflow and attestation advisement.

To enroll and receive the complimentary support services offered through the [EP2 program](#), please contact NYeC's EP2 team at EP2Info@nyehealth.org.

MURPH Registration Deadline for 2018 MU Attestations

Eligible Providers must register their intent to submit data to the appropriate Public Health registries before or within 60 days from the start of their EHR Reporting Period! For those attesting to 2018 Meaningful Use, the last day to register is December 1st. EPs who previously registered with MURPH, and need to make any changes must update their existing MURPH Registration rather than start a new registration.

Questions? Contact the New York Medicaid EHR Incentive Program by phone at 1-877-646-5410, Option 3 or email MUPublicHealthHelp@health.ny.gov.

To enroll and receive the complimentary support services offered through the [EP2 program](#), please contact NYeC's EP2 team at EP2Info@nyehealth.org.

NYSPTN Presented CityMD with Exemplary Practice Certificate

One of the practices associated with NYeC's [New York State Practice Transformation Network \(NYSPTN\)](#) program, CityMD, was recently awarded an Exemplary Practice certificate for their work on the Transforming Clinical Practices Initiative (TCPI) through the NYSPTN program.
